DESCRIPTION

This 2023 Kia Niro 2 is a superb example, boasting a single owner and a full service history, with its last service completed on 11 February 2026 at 18,306 miles, which is notably low for its age. This electric vehicle offers an impressive maximum range of 285 miles from its 68 kWh battery, making it ideal for both daily commutes and longer journeys. Charging is convenient, with a full charge at home taking approximately 9 hours and 25 minutes using a 7kW charger, and a rapid charge to 80% achievable in just 43 minutes at a public charging station. The vehicle comes with a 48-month warranty for peace of mind and will be provided with a 12-month MOT. The Kia Niro 2 is equipped with a range of notable features designed to enhance your driving experience. Enjoy seamless connectivity with Bluetooth for music streaming, and Android Auto and Apple CarPlay integration, both featuring voice control. Comfort is assured with dual zone climate control, including air conditioning, and the convenience of an engine start stop button paired with a smart entry system for keyless entry. Automatic headlight control ensures optimal visibility in varying conditions. Furthermore, this Niro benefits from a large boot space, offering ample practicality for all your needs, and its low mileage of 18,306 miles indicates it has been well cared for, setting it apart from other vehicles of its kind.
