DESCRIPTION

This 2022 Kia EV6 GT Line boasts a full service history, with its last service completed on 2024-09-18 at 38,653 miles, and comes with 12 months MOT for your peace of mind. This electric vehicle offers a substantial 77 kWh battery, providing a maximum range of 328 miles when new. Key features include a heated steering wheel for comfort, dual LED headlights with adaptive driving beam for enhanced visibility, and a reversing camera system with dynamic guidelines to aid parking. You'll also benefit from Navigation Smart Cruise Control with a speed limiter and a convenient wireless mobile phone charger. The Kia EV6 GT Line is designed for both efficiency and performance. Its electric powertrain allows for rapid acceleration, reaching 0-62mph in just 7.3 seconds, demonstrating its dynamic capabilities. Charging is flexible, with a full charge at home taking approximately 12 hours and 30 minutes using a 7kW charger, while the fastest public charging can take the battery from empty to 80% in as little as 20 minutes. These impressive figures, combined with its generous boot space, set this EV6 apart from other vehicles in its class, offering a compelling blend of range, speed, and practicality for your everyday journeys.
