DESCRIPTION

This 2025 Kia Picanto GT-Line S presents an exceptional opportunity with an incredibly low mileage of just 2150 miles, making it virtually as new. This single owner vehicle boasts a full service history and benefits from the remainder of its 72 month warranty, offering peace of mind. Under the bonnet, you'll find an efficient 1.2L petrol engine compliant with Euro 6 emissions standards. Inside, the GT-Line S trim is well equipped with a wireless mobile phone charger, seamless integration for Apple CarPlay and Android Auto, and a reversing camera system complemented by rear parking sensors to assist with manoeuvring. Automatic air conditioning ensures a comfortable cabin environment in all conditions. The Kia Picanto GT-Line S stands out with its desirable features and excellent condition. Its very low mileage for a 2025 model indicates it has been lightly used and meticulously cared for, setting it apart from other vehicles of its age. Furthermore, its placement in a low insurance group makes it an economical choice for many drivers. These factors, combined with the comprehensive warranty and full service history, highlight how this particular Picanto offers superior value and a more reassuring ownership experience compared to similar models on the market.
