DESCRIPTION

This 2022 Kia Stonic T GDi GT Line S presents an exceptional opportunity with remarkably low mileage for its age, having covered just 21,580 miles. As a Euro 6 compliant model, this petrol hybrid offers an efficient driving experience. The GT Line S trim level ensures a well equipped interior, featuring convenient heated front seats for those colder journeys and a smart key with an engine start stop button for effortless entry and ignition. Safety is enhanced with Blind Spot Collision Warning and rear parking sensors that include parking assistance, while automatic headlight control adds to the ease of driving. This Kia Stonic stands out with its impressive fuel economy, achieving approximately 50 miles per gallon, which is a significant advantage over many other vehicles in its class. Its low CO2 emissions further contribute to its appeal, making it a more environmentally conscious choice. Additionally, its placement in a low insurance group means that running costs are kept to a minimum, offering excellent value for money for its new owner.
