Interior Trim	N/A
Fuel Consumption	N/A

## DESCRIPTION

Discover this 2020 Kia Soul First Edition, an electric vehicle offering an impressive new battery range of 280 miles. This model benefits from a substantial 68 kWh battery, ensuring ample power for your journeys. Convenience is key with features like a Head Up Display, a Reversing Camera System for easier parking, and a Smart Key with Engine Start-Stop Button for keyless entry and ignition. Stay connected and powered up with the Wireless Mobile Phone Charger and enjoy seamless integration with Apple CarPlay, complete with voice control. The Kia Soul First Edition stands out with its exceptional electric capabilities. Its 280 mile maximum range at new means you can travel further between charges compared to many other electric vehicles. Charging is also efficient, with a full charge at home on a 7kW charger taking approximately 9 hours and 35 minutes, and a rapid charge from empty to 80% on a public charger achievable in just 54 minutes. These highlights demonstrate the advanced technology and practicality this Kia Soul offers.
